6. HEALTH, SAFETY AND ENVIRONMENT

## **1. PREFACE**

### **Description of the skill.**

A hairdresser generally works in the commercial sector, offering a range of services and treatments to the hair for individual clients. There is a direct relationship between the nature and quality of the service required, and the payment made by the client. Therefore, the hairdresser has a continuing responsibility to work professionally and interactively with the client to give satisfaction and thus maintain and grow the business.

He or she may offer a wide range of services, including cutting, colouring, styling, chemical reformation, and special hair treatments. Alternatively, the hairdresser may specialize, for example by becoming a men's and ladies' hairdresser.

A hairdresser works in the commercial sector offering a range of hair s services and treatments to a client.

The test projects are based on the following list of technical criteria.

- Long Hair Design
- Short Hair Design
- Colour Design
- Fashion Hairstyles
- Beard Designs
- Hair Cutting (Ladies and Men)
- Chemical Reformation

### **ELIGIBILITY CRITERIA (FOR INDIASKILLS 2024 AND WORLDSKILLS 2024)**

Competitors born on or after 01 Jan 1999 are eligible to attend the Competition.

### **TOTAL DURATION**

State Level – 4 hours

### **TECHNIQUES TO BE USED**

All current global hairdressing techniques and skills trends to complete the modules.

## 2. TEST PROJECT

## 5. INSTRUCTIONS FOR CANDIDATES

TOPIC/TASK	SKILL-SPECIFIC RULE
Use of technology – personal laptops, tablets and mobile phones	Competitors, Experts are not allowed to bring personal laptops, tablets, or mobile phones onto the competition floor.

Use of technology – personal photo and video taking devices	Competitors, Experts are allowed to use personal photo and video taking devices in the workshop at the conclusion of the competition only.
Templates, aids, etc.	Competitors are not permitted to bring templates or onto the competition floor.
Drawings, recording information	Competitors are not permitted to bring drawings or recording equipment onto the competition floor.
Sustainability	All Competitors are to mix only the amount of product that they require to use for the task and avoid excess product wastage. All bowls must be shown to an Expert before they are rinsed. If the waste is considered to be excessive the bowl and excess product will be weighed and if it exceeds 10 grams then an infraction will occur.
Equipment failure	If a piece of equipment fails, the time keeper is to note the time for the Competitor to replace the equipment and this time will be added at the end of that module time.
Other	<p>These must be witnessed by a minimum of two Experts.</p> <ul style="list-style-type: none"> <li>• If a competitor requires the bathroom during the competition time they must be escorted by a non-compatriot Expert and must not speak to anyone on the way.</li> <li>• Competitors may not touch the client's head after the official time for the module is finished.</li> <li>• If a competitor starts to use any materials, equipment, implements, tools or accessories that are not part of the individual module criteria and are not allowed, the Competitor will be asked to stop using this item immediately and the Competitor will be given an infraction penalty. If the Competitor continues to use that item e.g. oxidizing colour when the module states must be non-oxidizing colour then this would be a breach of skill-specific rules. The Competitor will receive a zero mark for the colour section of this test.</li> <li>• When a Competitor has a sponsored product covered (i.e. from the IL), they will incur an infraction penalty and be asked to remove the covering. No extra time will be given.</li> <li>• When a Competitor does not produce different hairstyles for each module it will be a breach of skill-specific rules. Each</li> </ul>

	<p>module must be individual in looks – when tests are similar in content for example: Cut and Colour on Men's. These tests, where possible, should be judged on the same day to compare the similarity/differences.</p> <ul style="list-style-type: none"> <li>• Competitors are not permitted to apply make-up or dresses to their client before the test has been assessed.</li> <li>• If an infraction penalty takes place, a measurement mark will be deducted as per measurement marking criteria. The weighting will depend on the individual value in that module. Each module has a measurement jury, and any infraction penalty has to be witnessed and agreed by at least two of the jury members.</li> </ul>
--	--

## 6. HEALTH, SAFETY AND ENVIRONMENT

- Refer to the WorldSkills Health, Safety, and Environment policy and guidelines document.
- As soon as a Competitor goes to work with a product that requires PPE, they must have their PPE on. If a Competitor starts to work without their PPE they will be asked to stop and put their PPE on. They will occur an infraction and no time will be added. If the Competitor continues without PPE it will be considered a breach of Competition Rules.
- If a Competitor injures themselves and are unable to continue until the required first aid has been given. No additional time is to be added to their competition time.

- No item that penetrates the skin is to be used when styling and applying wefts to the client. Competitors will be asked not to use or to stop using that item immediately.
- All products must have MSDS documentation, or the product cannot be used.
